

Office Commitments

Financial Considerations

We invite patients to use cash, check or credit card for payment of services. All payments are expected at the time treatment is rendered, unless specific payment arrangements have been made or agreed upon in advance. Patients who have insurance should be prepared to pay their estimated portion at the time of service. We also offer several payment plans and outside financing, to help make treatment affordable. We value our relationship with our patients, and strive to avoid any awkward situations that result from overdue accounts.

Appointment Commitment

Your appointment time is reserved for you exclusively. It is extremely important to keep your appointment to maintain your health and to keep your treatment process organized and on track. If you cannot make an appointment, we require a 48 hour courtesy notice. A fee will be assessed for appointments broken without 48 hours notice. The fee will be based on the time reserved with us, up to the total cost of the procedure that was to be performed at the cancelled appointment. This cannot be billed to insurance.

I agree to the above, and understand my financial obligations and that a fee will be charged for appointments cancelled without 48 hours notice.

Date _____

Signature of Patient or Parent if Minor
